

PICOTE FOR PLUMBERS

GAME-CHANGING DRAIN CLEANING
INNOVATION FOR ALL PLUMBERS!

www.picoteplumbing.com

Specially Designed for Plumbers

The ideal high-speed (up to 2900 RPM) drain cleaning solution for DN32 to DN70 pipes of all types; including those with multiple 90° bends and tricky DN50 U-bends.

The Picote Mini Cleaner not only eliminates the need to carry a hand-held spring machine or floor-mounted drum machine, it reduces risk with its uniquely designed flexible outer casing, safety clutch and shielded operator foot pedal.

In addition, it provides a quick and efficient cleaning of blocked drains without the need for excessive water to be added to already flooded systems.

New Groundbreaking Innovation

MINI CLEANER

Uses & Benefits

- > High speed cleaning (500 to 2900 RPM) of DN32, DN40, DN50 & DN70 pipes even with multiple 90° bends.
- > Clean blockages up to DN100 without removing the toilet!
- > Features 16m of uniquely designed outer casing and highly flexible shaft that is very durable, chemically resistant and with a high continuous service temperature.

Significantly safer for operators

- > Customised Safety Clutch as standard - protects the user and improves performance.
- > 16m of 8mm rotating shaft housed inside specialised outer casing that is safe to hold.
- > Shielded footpedal (operator presence control).
- > Lightweight and portable with wheels and stair glides for easy transport. Only 26.5 kg.

Take Control

The Mini Cleaner shaft casing is uniquely designed to be highly flexible but also very durable. It is this flexible design that allows you to negotiate pipes as small as DN32 with multiple 90 degree bends to get to where the work needs to be done.

Its flexibility doesn't end there though! Weighing less than 27kg along with wheels and stair glides makes for easy transportation and manoeuvrability.

The Right Tools for the Job

The Mini Cleaner comes with a starter package (DN32 & DN40) which is complete with the tooling for your pipe cleaning needs including: Cleaning Chains and Smart Cleaner, for removing hard scale deposits, and Cleaning Brushes. The Mini Sweeper and Twister Mini Flexi are available separately for DN50 pipes.

Additional tooling is available for DN70 and DN100 pipes and specialty jobs including: Special Drill Heads (for cutting through blockages), Cleaning Brushes, Cutters and Cyclone PVC Cleaning Chains. Ask your reseller about all available tooling options.
